Introduction

We are an innovative manufacturer of bathroom mirrors and high-end heated aluminium bathroom cabinets. We take care of the entire process from design to quality control and distribution to our customers.

OUR AIM

Our latest generation of mirrors and aluminium mirror cabinets exude a progressive design and a high level of finish. Our products are full of innovative solutions and thoughtful details that go hand in hand with ease of use and comfort.

IN PRACTICE

The stylish light design immediately catches the eye. The dimmable hi-power LED lighting, often equipped with an adjustable LED color, contributes to practical use and efficient consumption. Without exception, all products are equipped with integrated mirror heating as standard, which prevents a fogged mirror or mirror doors.

2

OUR NOVELTIES

- Ghost mirrors; the next generation LED mirrors
- RGB CCT smart mirrors; control by voice, app, remote
- PVD coated brass, copper, gun metal frames
- Round and oval aluminium mirror cabinets
- Heated aluminium mirror cabinets

Let's connect, design, produce!
